ORBITAL IT
SOLUTIONS

PRODUCT OVERVIEW

QuoteFlow

The complete business management system

Quotations, job cards, invoices, payments, purchasing, finance, attendance and payroll, in one secure online platform built around your brand.

Sales documents · Payments · Bank & cash · Purchasing · Finance · Attendance · Payroll · Audit trail

WELCOME

Run your whole business from one place

QuoteFlow by Orbital IT Solutions replaces scattered spreadsheets, Word templates and paper books with one online platform. Your team creates professional, branded documents in minutes, tracks every payment and expense, and management sees the real position of the business at a glance.

4 branded document types

8 professional designs

14 currencies supported

100% online, no installation

Why businesses choose it

- Professional quotations, invoices, delivery notes and job cards with your logo, colours and bank details
- Quote → job → invoice → delivery in a few clicks, with no retyping
- Know who has paid, who owes and how much, at any time
- Live balances for every bank account, Airtel Money / Mpamba wallet and cash box
- Control costs: purchases, LPOs, expenses, petty cash and donations
- Fingerprint attendance and payroll with Malawi PAYE built in
- Staff see only their own work; management sees everything
- A full audit trail of who signed in and what was changed

THE PLATFORM AT A GLANCE

Everything your office needs, connected

Each module works on its own, and they all share the same clients, vendors, staff and company details, so information is entered once and used everywhere.

Dashboard

Live business overview

SALES

- Quotations
- Job Cards
- Invoices
- Payments
- Delivery Notes
- Contracts

CONTACTS

- Clients & statements
- Vendors

PURCHASING & FINANCE

- Bank & Cash
- LPOs
- Purchases
- Expenses
- Petty Cash
- Donations

PEOPLE

- Attendance
- Payroll & pay slips

ADMINISTRATION

- Users & roles
- Company settings
- Audit log
- Multiple companies

Works in any browser

Use it on office computers, laptops and tablets. Nothing to install, and updates arrive automatically.

Secure by design

Private accounts for every staff member, role-based access, and a complete audit trail.

Comfortable to use

A clean modern interface with light and dark themes, search on every list, and quick filters.

HOW THE WORK FLOWS

From first quote to final payment

Documents are linked. Converting one into the next carries the client and items across, so nothing is typed twice and every step can be traced.

Sales workflow

Quotation
Prepared and sent to the client

Job Card
Work order for production

Invoice
Created from the quote or job

Payments
Into your bank, Airtel or cash

Delivery Note
Signed copy uploaded

A quotation can go straight to an invoice, a job card or a delivery note.

Recurring work? Duplicate an invoice: new number and date, payments start fresh.

A client statement summarises everything invoiced and paid for any period.

Purchasing workflow

LPO
Order raised to a supplier

Sent
Status tracked to delivery

Purchase
LPO converted when goods arrive

Vendor payment
Paid in full or in parts, with proof

Profit
Linked to the client order

Approval workflows

Job cards	Pending → In progress → Completed
Invoices	Pending → Partially paid → Paid
LPOs	Draft → Sent → Received
Donations	Planned → Approved → Given

DASHBOARD

The state of your business, the moment you sign in

Management gets one screen with the numbers that matter. Staff see the same dashboard calculated from their own work.

Headline figures

- Number and value of quotations and invoices
- Amount received and balance still outstanding
- Expenses, purchases, delivery notes and clients
- Net position: invoiced minus expenses and purchases

Trends & insights

- This month against last month, with % change
- 12-month chart of invoiced, quoted and expenses
- Invoices by status: paid, partially paid, pending
- Top clients, top expense categories, latest invoices

Admins also see the cash position: the balance of every bank account, Airtel Money wallet, cash box and petty cash, with a link to each statement.

SALES DOCUMENTS

Quotations & job cards

A quotation, ready to send, with one-click next steps

Your Company Ltd · TPIN 00000000

QUOTATION

QT-0142 · Valid 30 days

QUOTE TO

Sample Client Ltd

DESCRIPTION	QTY	UNIT PRICE	TOTAL
Roll-up banners, full colour	3	MK 85,000.00	MK 255,000.00
A5 flyers, 150gsm	500	MK 250.00	MK 125,000.00
Design & artwork	1	MK 40,000.00	MK 40,000.00

Subtotal	MK 420,000.00
VAT (16.5%)	MK 69,300.00
Grand total	**MK 489,300.00**

Convert to invoice | Create job card | Delivery note

Quotations

- Automatic quote numbering for each company
- Pick a saved client or add a new one as you type
- Subtotal, VAT, PPDA and grand total calculated for you, with rates adjustable per quote
- Validity period (e.g. valid 30 days), optional title, notes and terms & conditions
- Your default terms are attached automatically
- Print, or download a branded PDF to email or WhatsApp

Quotation history

- Search by client or quote number
- Filter by today, this week, this month or this year
- Sort by newest, oldest, amount or client
- One click converts a quote into an invoice, a job card or a delivery note

GETTING PAID

Invoices, payments & delivery notes

Every invoice shows exactly what has been paid and what is still due

Payments · INV-0287 — Partially paid

TOTAL INVOICED	AMOUNT PAID	BALANCE DUE
MK 1,250,000.00	**MK 750,000.00**	**MK 500,000.00**

DATE	METHOD	REFERENCE	AMOUNT	PROOF
02 Oct	Bank transfer	FT2410023	MK 500,000.00	View
18 Oct	Mobile money	AM-88231	MK 250,000.00	View

Invoices

- Create from scratch, from a quotation or from a job card
- Due date worked out from the payment terms (e.g. 30 days)
- Automatic VAT, PPDA and totals
- Duplicate an invoice for monthly or repeat billing
- Search and filter by date and payment status
- Print or download a branded PDF

Payment tracking

- Record full or part payments: amount, date, method and reference
- Choose the bank, Airtel Money or cash account it went into, and that balance goes up
- Status updates automatically: Pending → Partially paid → Paid
- Attach proof of payment (photo or PDF) to each payment
- Total invoiced, paid and balance shown on every invoice

Delivery notes

- Create from an invoice or quotation, or on their own
- Quantities only, no prices, ready for the driver
- "Delivered by" and "Received by" signature lines
- Upload the signed or stamped copy as proof of delivery
- The system records who uploaded it and when

Protection built in

- Uploaded proofs and signed copies are kept safely
- Only an admin can remove a proof or signed copy
- Staff can record payments on their own invoices
- Every change is written to the audit log

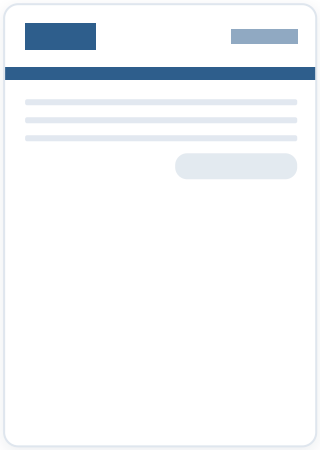

YOUR BRAND ON EVERY DOCUMENT

Eight professional designs, one click to switch

Choose a design once in Company Settings and it is used for your quotations, invoices, delivery notes and job cards, on screen and in every PDF. Your logo, brand colours, TPIN, address and bank details are placed automatically.

Classic

Modern

Elegant

Bold

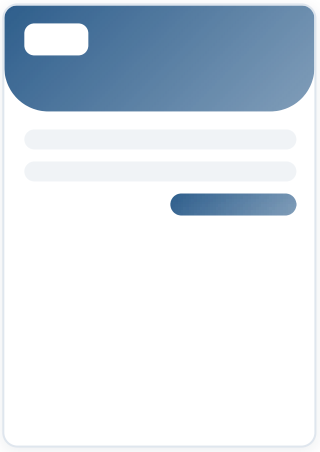

Minimal

Corporate

Executive

Gradient

Brand settings

- Company logo, primary and secondary colours with live preview
- Default terms & conditions per company
- VAT and PPDA rates, currency and bank details

Your own letterhead

- Already have a printed letterhead or job card format?
- Orbital IT Solutions can build a custom design that matches your paper documents exactly

CUSTOMER MANAGEMENT

Clients, statements & contracts

Client records

- Contact person, email, phone, address and TPIN
- Each client page shows all their quotations, invoices and delivery notes
- Totals invoiced, paid and outstanding
- Search by name, contact, email or phone

Statements of account

- Choose any period: last 7 days, 30 days, 6 months, a year or custom dates
- Opening balance, every invoice and payment, running balance and closing balance
- Branded with your logo and bank details
- Download as PDF and send to the client

A statement of account with running balance, branded with your logo

Your Company Ltd

STATEMENT

01 Jul – 30 Sep 2026

DATE	REFERENCE	DESCRIPTION	DEBIT	CREDIT	BALANCE
01 Jul		**Balance brought forward**			**MK 150,000.00**
12 Jul	INV-0231	Invoice	MK 480,000.00		MK 630,000.00
29 Jul	INV-0231	Payment received · Bank		MK 480,000.00	MK 150,000.00
04 Sep	INV-0262	Invoice	MK 320,000.00		MK 470,000.00

Balance due **MK 470,000.00**

Contracts

- Contracts with client, site, amount, payment frequency (monthly, quarterly, yearly or one-time) and start/end dates
- Status tracking: Draft → Active → Completed (or Terminated)
- Add, remove and reorder clauses. Save your wording as your default, so you never retype it
- General business contract style, with a specialised style for billboard advertising
- Upload a signature, preview live, then print or download as PDF

PURCHASING & VENDORS

Control your costs and suppliers

Local Purchase Orders (LPOs)

- Professional LPOs with supplier, delivery date and address, payment terms, items and VAT
- Link an LPO to the client quotation or job card it is for
- Status tracking: Draft → Sent → Received (or Cancelled)
- "Convert to purchase" when the goods arrive
- Print or download as PDF

Purchases (supplier bills)

- Record what was bought, from which vendor, at what price
- Link a purchase to the client quote or invoice: the system shows the profit on that order
- Record payments to vendors, with proof uploads
- Status: Pending → Partially paid → Paid

Know your margin on every client order

Client quotation	− Linked purchases	= Profit on this order
MK 900,000.00	**MK 610,000.00**	**MK 290,000.00**

Draft → Sent → Received LPO-0058 · "Convert to purchase" when the goods arrive

Vendors

- A vendor directory shared by the whole team
- Each vendor page shows number of purchases, total purchased and the balance you still owe
- A list of every purchase with its payment status

DAY-TO-DAY FINANCE

Expenses, petty cash & donations

Expenses

- Categories such as rent, salaries, transport, fuel, utilities, marketing, bank charges and taxes
- Choose the account it was paid from: bank, Airtel Money or cash
- Link to a vendor and attach the receipt
- Search and export to CSV / Excel

Petty cash

- A simple cash book: top-ups in, payouts out
- Balance calculated automatically. Top-ups are taken off the bank or cash account they came from
- Categories such as transport, refreshments, stationery, airtime and small repairs
- Receipt upload for every payout

Petty cash, always balanced

Petty cash — **Balance MK 86,500.00**

DATE	DESCRIPTION	CATEGORY	IN	OUT
01 Oct	Monthly top-up	Top-up	MK 150,000.00	
03 Oct	Taxi to client site	Transport		MK 12,000.00
07 Oct	Office tea & sugar	Refreshments		MK 18,500.00
15 Oct	Airtime for sales team	Airtime		MK 33,000.00

Donations & sponsorships

- Track what the company gives: cash, goods, services or sponsorship
- Recipients such as schools, places of worship, health facilities, communities, NGOs, sports clubs and individuals
- Approval workflow: staff record a donation as Planned, management approves, then it is marked as Given
- List donated goods with quantities and values. Attach proof such as a receipt or handover photo
- A printable donation voucher with signatures, yearly totals by type, and CSV export

BANK & CASH ACCOUNTS

Know exactly where your money is

Add each bank account, Airtel Money / Mpamba wallet and cash box once. Every payment received or made is then linked to an account, so balances update by themselves.

Live balances and a statement for every account

NBM Current	Standard Bank	Airtel Money	Cash on hand
Bank account	Savings account	Mobile money	Office cash
MK 2,245,708.69	MK 3,018,750.00	MK 188,715.06	MK 684,662.72

NBM Current · October statement — **Balance MK 2,245,708.69**

DATE	REFERENCE	DESCRIPTION	IN	OUT	BALANCE
01 Oct		Balance brought forward			MK 2,381,458.69
14 Oct	INV-0287	Payment from Sample Client Ltd	MK 500,000.00		MK 2,881,458.69
16 Oct	EXP-0041	Expense: Rent		MK 450,000.00	MK 2,431,458.69
31 Oct	2026-10	Salaries for October (6 pay slips)		MK 185,750.00	MK 2,245,708.69

All your accounts

- As many bank, mobile money and cash accounts as you need
- Start from today's real balance, no old history needed
- Petty cash appears as an account automatically

Linked to everything

- Client payments add to the account they went into
- Supplier payments, expenses, donations and salaries come off the account used
- Edit or delete a payment and the balance corrects itself

Transfers & other money

- Cash deposits, withdrawals and transfers between accounts
- Money in (capital, loans, interest) and out (bank charges, drawings)
- A warning before an account goes below zero

Account statements

- Money in, money out and running balance for any period
- Branded PDF, ready to match against the bank statement
- Salaries shown as one monthly total, never per person

ATTENDANCE & PAYROLL

From fingerprint to pay slip

Fingerprint scan
ZKTeco device at the office

Office PC link
Sends scans automatically

Attendance
Check-in, check-out, late, absent

Payroll
Monthly pay slips in one click

Attendance

- Works with ZKTeco fingerprint terminals and the ZK6500 USB scanner
- First scan of the day is check-in, last scan is check-out
- Set working hours and a grace period for lateness
- Today view, full records and manual corrections
- Reports: summary, daily detail, present, absent and late arrivals, for any period
- Export reports to PDF and CSV

Payroll

- Salary records: basic pay, position, bank details, TPIN
- Recurring allowances and deductions
- Generate the whole month's pay slips in one step
- PAYE (Malawi tax bands built in and editable) and pension calculated automatically
- Days present and absent shown on each slip
- Mark slips as paid from a bank or cash account, download pay slips and a payroll summary as PDF

Professional pay slips, generated for the whole team in one step

Your Company Ltd

PAY SLIP
October 2026

EMPLOYEE
Sample Employee
Sales Officer · 21 days present

EARNINGS		DEDUCTIONS	
Basic salary	MK 450,000.00	PAYE	MK 87,500.00
Transport allowance	MK 50,000.00	Pension (5%)	MK 22,500.00
Gross pay	**MK 500,000.00**	**Total deductions**	**MK 110,000.00**

Net pay **MK 390,000.00**

Salary information is private: you decide exactly which managers can open payroll.

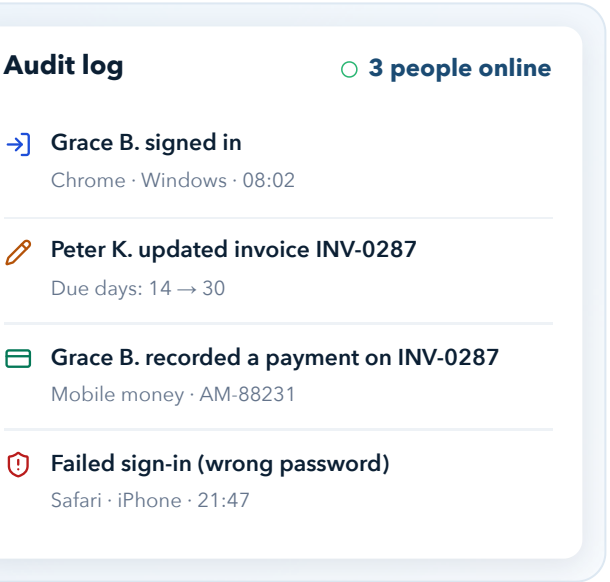

USERS, ROLES & SECURITY

The right access for every person

	Staff	Admin
Create quotations, job cards, invoices, delivery notes, LPOs	✓	✓
See and edit their own documents	✓	✓
See every document in the company	—	✓
Record payments on invoices	Own	✓
Bank & cash balances, statements and transfers	Pick account	✓
Approve donations, delete records, remove proofs	—	✓
Attendance	If granted	✓
Payroll and pay slips	—	If allowed
User management and company settings	—	✓
Audit log	—	If granted

Audit log

- Every sign-in, sign-out and failed sign-in attempt, with device and IP address
- Every record created, changed or deleted, with old and new values side by side
- Who is online now and how many changes each person made today
- Filter, search and export to CSV

Accounts

- Every person has their own login. Accounts are created by your admin, not by public sign-up
- Everyone can update their own name, email and password. Changing a password signs the account out of other devices
- Optional Google sign-in

COMPANIES & SETTINGS

One login, several companies

Run more than one business or trading name? Each company keeps its own branding, numbering, tax rates, currency and documents, and your team switches between them from a menu.

Per-company settings

- Name, TPIN, address and bank details
- Logo, brand colours and document design
- VAT and PPDA rates
- Currency and default terms & conditions

Your data stays yours

- Each organization's data is fully separated from every other organization
- Daily-use records are kept in a secure cloud database
- Uploaded files (proofs, receipts, signed copies) are stored safely

Switch between your companies from one menu

Supported currencies

MWK · ZMW · USD · ZAR · GBP · EUR · KES · TZS · UGX · NGN · ZWL · BWP · RWF · INR

GETTING STARTED

Up and running in days, not months

1

Share your details

Send us your company information, logo and current documents using the checklist below.

2

We set up your system

We create your organization, companies and users, apply your branding and choose a design with you.

3

Training

We walk your team through the daily workflow: quotes, job cards, invoices, payments.

4

Go live

Your team signs in and starts working. We stay available for support and improvements.

What we need from you

- [ ] Company name(s) as they should appear on documents
- [ ] TPIN and physical / postal address
- [ ] Bank details for invoices and quotations
- [ ] Logo (high quality) and brand colours
- [ ] Samples of your current quotation, invoice, job card or letterhead
- [ ] Default VAT rate, currency and terms & conditions
- [ ] List of users: name, role and email address
- [ ] Who may access what (e.g. who can see salaries)

Optional: if you use fingerprint attendance, tell us your device model so we can connect it during setup.

Ready to start? Call **0997 235 271** or email **info@orbitalitsolutions.com**

See it for yourself, live: **ghostwhite-grasshopper-438775.hostingersite.com/demo**

Who it is for

Printing & branding

Quotes, job cards, artwork and delivery

Suppliers & traders

Quotes, LPOs, purchases and profit per order

Service companies

Job cards, contracts and recurring invoices

Growing groups

Several companies under one login
